ABS 2016 Censuses of Population & Housing. Data obtained as part of the National Catholic Census Project.

Important notes about the data:

1. Totals for the diocese in this table may not agree to totals in other tables, such as the Diocesan Social profiles, due to minor differences and adjustments in parish boundaries.
2. Parish figures do not include personnel living on Military bases within the diocese.
3. 'Residual' comprises people on off-shore oil rigs, drilling platforms and the like, people on an overnight journey by train or bus, and people whose usual address could not be determined from the Census form. They have been included to preserve diocesan and national totals.
